

SoAI

SOCIETY OF ALGORITHMIC INTELLIGENCE

Prof. Ying Chen
President

Prof. Dr. Thorsten Koch
President-Elect

Dr. Jianlong Lu
Secretary

Dr. Qiang He
Treasurer

Prof. Dr. Ralf Benderer
Chair of Steering Committee
Co-Chair, Research Campus VECAD, Germany
Free University Berlin, Germany

Director, Centre for Quantitative Finance, National University of Singapore

Head of Applied Algorithmic Intelligence Methods (AAIM), Zuse Institute Berlin & Technische Universität Berlin

Prof. Agostino Caporin
Director, Center for Digital Finance and Technology
Columbia University, USA

Prof. Chen-hoh Chen
Secretary-General
Academia Sinica, Taiwan

Prof. Nikolaus Hautsch
Vice Rector
University of Vienna, Austria

Prof. Tomoyuki Higuchi
Director-General (2017-2019)
The Institute of Statistical Mathematics, Japan

Prof. Josef Teichmann
Head, Department of Mathematics
(2016-2018), Netherlands
London School of Economics and Political Science (LSE), UK

Prof. Qian Yu
Head, Department of Statistics (2008-2018)
London School of Economics and Political Science (LSE), UK

Prof. Hyeon-Pil Kim
Chair of France
Vice-President of the Berlinale Science Centre
Berlin, Germany
Ecole Polytechnique

Prof. Dr. Paulo Carlos Rodrigues
Chair of Brazil
President, International Association of Statistical Computing
Federal University of Bahia, Brazil

Prof. Dr. Stefan Lessmann
Chair of Germany
Head of Information Systems
Heinrich Heine University in Berlin, Germany

Prof. Paolo Giudici
Chair of Italy
Lead PI, EU Horizon 2020 F4H4C2P4 (2020-2022)
Lead PI, EU Horizon 2020 F4H4C2P4 (2020-2022)

Prof. Simon Tretborn
Co-ordinator of the CTR and VCBW indices
University of Amsterdam, Netherlands

Dr. Bastian Bergmann
Chair of Switzerland
Specialist Director (2016-2020) and VCBW indices
ETH Zurich, Switzerland

Prof. Ray-Ring Chen
Chair of Taiwan
President, The Chinese Institute of Probability and Statistics
National Tsing Hua University, Taiwan

Prof. Rajko Dunchanov
Chair of Thailand
Dean, International College of Digital Innovation
Chiang Mai University, Thailand

Leading Emerging Technology & Algorithms Research Society

Society of Algorithmic Intelligence

A global community dedicated to advancing the science and practice of intelligent algorithms. We bring together leading minds from academia, industry, and government to explore the frontiers of artificial intelligence, machine learning, and quantum technologies.

About the Society of Algorithmic Intelligence (SoAI)

The Society of Algorithmic Intelligence (SoAI) is a global community dedicated to advancing the science and practice of intelligent algorithms. We bring together leading minds from academia and industry to explore the frontiers of artificial intelligence, machine learning, optimization, high-performance computing, and quantum technologies.

Our mission is to foster international collaboration, interdisciplinary research, and innovative education that empower the next generation of researchers and practitioners. Through world-class conferences, workshops, training programs, and strategic partnerships, SoAI creates a unique platform where ideas move seamlessly from theory to real-world impact.

By bridging academic rigor with industry application, SoAI supports a vibrant ecosystem for knowledge exchange, capacity building, and technological innovation.
